1.1 Purpose of fund

- To provide financial support to enable indigenous production companies to fully develop concepts for bilingual TV projects, intended for young audiences, in both English and Welsh to give a greater chance of getting the project commissioned, greenlit and into production.
- To support the retention of IP by indigenous companies which, in turn, will enable further growth.

1.2 Background

The Creative Industries have been one of the fastest-growing parts of the Welsh economy for nearly a decade, creating jobs and wealth, contributing to a strong national brand and promoting Wales in the world. Creative Wales is an internal agency within Welsh Government which has been set up specifically to further support the growth of the creative industries in Wales and to offer a streamlined, dynamic and innovative service to the sector.

The new Creative Wales Young Content Fund will focus on supporting bilingual projects, from Wales based businesses, to stimulate the provision and number of programming for children and young audiences up to, and including, the age of 18, in both live-action and animation, and across all genres including entertainment, education, comedy, drama, arts & culture and factual.

We are looking to provide funding to support the development of ideas that will entertain, inform and excite young audiences and have a clear view of the target audiences' tastes and preferences, including the service that they would access it on. The awards are non-recoupable and will provide 100% of the development budget. Types of cost that can be covered by this funding include the development of treatments, pitch documents, series bibles, formats, scripts, pilots, animation tests and other materials required for pitching to broadcasters and securing their commitment

There is £300,000 available for projects in this funding round. A maximum of £50,000 will be available per successful project.

Development funding is designed to enable a business to get to the stage where they can fund their own ongoing growth. It is not intended to be a repeat fund, rather that the opportunity is utilised to make a step change in revenue for the business that has a long term, lasting effect.

1.3 Application Process

This Call for funding proposals will commence on Tuesday 20th December 2022, and will close to applications on Monday 16th January 2023 12.00 noon. No late applications will be considered.

Before you apply you have the option to discuss your proposal with one of the Creative Wales Sector Development Managers via E-mail at CreativeWalesFundingSupport@gov.wales.

Our team can provide advice on eligibility and where appropriate give further guidance on your proposal.

For an application form please E-mail CreativeWalesFundingSupport@gov.wales.

Please note – discussing your project with a team member does not imply approval or assessment of your proposal. This is a competitive scheme where all projects will be assessed and scored to a standard criteria.

Applicants will need to answer all sections of the application form and include all requested supporting information, including full financial details and planned milestone payment schedules for the grant. Completed application forms should be submitted to CreativeWalesFundingSupport@gov.wales.

Please note – the Creative Wales team will not provide comments on completed application forms.

Due Diligence will be undertaken on all applications. This will include a review of your financial projections, a fraud check, and checks on Directors of your company. If you are involved in a business which is in debt to the Welsh Government, you are unlikely to be able to apply for further funding and should discuss this with us in advance of any application.

You will be asked to select a number of outputs for your project on the application form. These will be formally measured during and after the project for up to 2 years following project closure.

This is a competitive grant and not all applications will be approved. You should not start on the project until your application is approved and an offer letter has been issued. If you do so, you may invalidate your application completely, even if successful.

Project Appraisal

Funding from Creative Wales is awarded to projects that are in line with the following key principles:

Key principles of funding from Creative Wales :
Funding awarded to businesses should:
Strategic Fit Deliver our priorities for the creative industries in Wales - Funding will be designed to deliver Creative Wales' ambitions for the creative industries, and the priorities set out in the Welsh Government Programme for Government. It will maximise opportunities to support skills and talent development, diversity and inclusion in its widest sense, fair work, sustainability, and promote our culture and Welsh language. Funding will be prioritised towards those projects that make a difference to the creative industries landscape in the Wales over the medium to long term.
Maximise the benefits to Wales, including economic benefits Funding will be targeted at projects that maximise return on investment, to ensure limited budgets deliver maximum value for Wales.

Your application should be tailored to show how the above principles are met.

All projects will be appraised in two stages:

- **First stage** – checks will be undertaken to ensure that all the basic eligibility criteria have been met, including alignment of the project with our key principles of funding as outlined in the table above. Applications / projects that do not meet all of the eligibility checks (see section 1.4), or do not meet our strategic objectives for funding, will be rejected.
- **Second stage** – Applications that have met all the eligibility criteria above, and are in line with our key principles of funding, will be appraised by an assessment panel according to the appraisal criteria in Annex 1. Projects achieving a minimum pass score will be recommended for Ministerial approval, subject to budget availability (in situations where multiple projects are above the pass score, but budget is not available to support all, projects are ranked with the highest receiving funding).

Project Approval

- All assessed proposals will be submitted to Welsh Government Ministers for final approval.
- Following Ministerial consideration, applicants will be informed of the final decision and offer letters will be issued to successful applicants
- Offer letters will need to be signed and have one copy returned to Welsh Government before project initiation

Unsuccessful applicants will be notified via email following the assessment panel decision.
